

**School of Engineering and Technology / School of Computer Engg & Technology**  
**M. Tech. Dissertation, Viva-Voce, AY 2024-25**

Ms. Dhairvi Shah (PRN: 1032230299) is allowed to submit  
Dissertation/thesis/Report titled : **POSACLE: Phonetic Script Systems: A Comparative Linguistic Evaluation**  
Subject to completion and submission of the following records to Ms. Dhairvi Shah of Dept of Computer Engg & Technology

1. **Extended Abstract** of Dissertation (1-2 pages)
2. **Dissertation report** as per University format, duly approved by guide in a **soft copy** and **2 hard copies** along with Plagiarism report. (*% duplication not more than 10 as per UGC guidelines*)
3. Submission of **full published paper** hard copy as well as soft copy. (*In case of only acceptance of paper/patent - refer Sr.No.5 below*)
4. Submission of **record of proof** showing indexing of Journal in SCOPUS / WoS or High ranking National/International Conference of repute which is linked to SCOPUS (*In which paper is published*). Also Project Guides are requested to verify the proof of publication as per University policy shared to all PG Coordinators on 17<sup>th</sup> Feb 2025 via mail.
5. In case if author receives only acceptance for his/her paper --
  - (a) **From a conference chair**, project guide will have responsibility that his /her student will attend the conference and submit the certificate of attendance and presentation. Also he/she will submit Proceeding of conference after publication.
  - (b) **From a journal**, then student will submit the hard copy (*of a published paper in the journal*) or produce a record available on mail showing communication about acceptance of a paper, or produce an undertaking that his/her Paper will be published in journal after conduct of viva-voce exam, for which Project Guide will be solely responsible. In such case, separate audit will be conducted to check publication on 2<sup>nd</sup> Saturday of Dec 2025.
  - (c) **From Patent office**, then student will produce evidence about acceptance and clearance from patent attorney. After it gets published, student alongwith PG Guide will submit the patent published records to PG Coordinator.
6. In case of Company sponsored projects, student have to get necessary permission from company authorities on publishing results in Journal/Conference. In case if company doesn't allow data for publication then student alongwith PG Guide will decide the content based on some parallel area close to project concept which can be published. This has to be clarified well in advance from company authorities.

Remarks of Company guide (If applicable): **Not Applicable**

Remarks of college guide:

"Approved "
